May 20, 1863-The total number of drawing money from the school fund in January, 1860 was 923; in 1861, it was 1041, in 1862 it was 1040, and in 1863 it was 1123. The number of seats provided for scholars in all the school rooms of the district is only \$48. More than this, it is estimated that within the past four months there have come into the limits of the district more than 100 children connected with the families of those employed in the large manufacturing establishment recently opened here. Another lack is an adequate force of teachers which at present is 17, the same number that was employed when the district was first organized. DECISION GIVEN BY COUNTY COMMISSIONER NOYES

The town of Groton has apportioned to the borough \$5,000 to be used for borough streets and roadways, and the sum of \$1,600 which will be used in cutting down and leveling the Baker avenue hill. The apportionment is the result of a hearing held Wednesday evening before County Commissioner Noyes of Norwich. As is the custom committee had been appointed from he warden and burgesses to confer with the selectmen for the purpose of fixing the amount of the town's appropriation to the borough. The cominittee of burgesses was composed of Charles Kenyon, Charles E. White, Eugene L. Baker. They met with Albert F. Hewitt, Frank R. Wheeler and Marcus Trail a short while ago, but the meeting resulted in a deadlock, The two bodies could not agree upon the amount the town should give. In Episcopal church Friday evening at the borough charter there is a clause stating that in this event the matter should be settled by a county commismond this (Saturday) afternoon, the followed by the quarterly conference sioner. Accordingly County Commissioner to be called at 2 o'clock. The with members of the church. and after hearing both sides of the argument decreed that the town grant the sum for the purposes mentioned. The Baker avenue hill question is settled and it will not be necessary | May 15, 1913. to call a special meeting of the voters of the town for the purpose of appro-priating money for the improvement

of this grade as was at first planned. FIRE DEPT. FINANCES.

Will Direct Highway Commissioner Where to Spend the Money.

In case the bill providing for a bond issue which passed the senate vesterday with the endorsement of one mmittee and the lawyer for an automobile association, the highway commissioner will find that he has ittle power left-in the matter of selecting roads to be improved.

The bill provides for a bond issue of \$5,000,000, the proceeds to be used

for road work in this manner: "For the laying out, grading, foundation work, and preparation for paying of the main trunk line highways designated in Section 7 hereof, \$1,000. 0; for the placing of permanent avement on the main trunk line highways designated in Section bereof \$1,000,000; for the improveient of trunk line highways other than said main trunk line highways, hildren in the Central School district | \$1,000,000; for the improvement of public roads other than trunk line, \$1,000 000

The various trunk lines are laid ou as follows: Trunk line No. 1, from the state ine in East Portchester, through Greenwich, Stamford, Darien, Norwalk, Westport, Southport, Bridgeport, ford, New Haven, East Haven, Bran-ford, Guilford, Madison, Clinton, Westbrook, Lyme, East Lyme, New Lon don, Groton, Mystic and Stonington, to the state line at Westerly, R. Trunk line No. 6, from New London on the west side of the Thames river. north through Quaker Hill, Montville and Norwich, Franklin to South Wind-

Under the wording of the bill none of the money can be used within the limits of any city. Whether or not It statesmanlike remains to be seen but it is certainly sagacious from a practical standpoint. In the house ts fate rests with the small towns, nd it hits a liberal number of these, he only section of the state left out diogether being Middlesex county.
